

1. Commitment to Equal Access

At our office, we firmly believe that access to knowledge, consulting, and business development opportunities should be open to everyone, without discrimination.

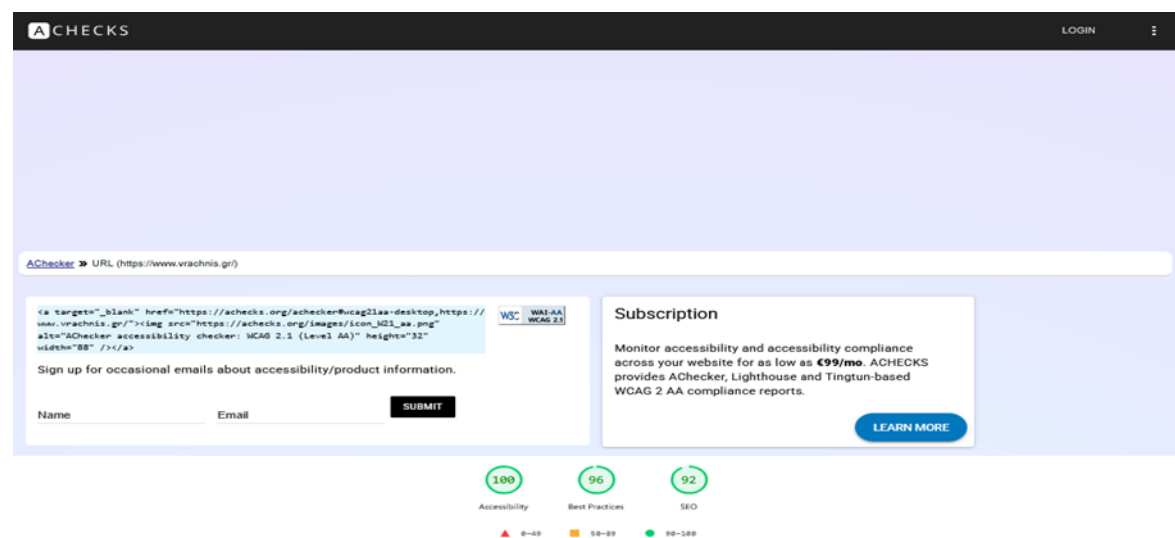

Our commitment to ensuring equal access for persons with disabilities (PwD) is a fundamental principle of our operations and is integrated into all aspects of our activity — from our digital presence to the way we serve our clients.

2. Digital Accessibility

Our website, www.vrachnis.gr has been developed in accordance with the Web Content Accessibility Guidelines (WCAG) 2.1 Level AA standards.

According to the most recent accessibility audit performed with the AChecks tool (October 2025), the website achieved:

✓ 100/100 in the “Accessibility” category.

These results confirm that the website largely meets the international accessibility standards for web content (WCAG 2.1).

We continuously monitor the performance of www.vrachnis.gr using relevant tools, with the goal of maintaining and improving accessibility for all users.

3. Alternative Service Options

We recognize that some clients or partners may face mobility challenges or may prefer to work remotely.

To ensure inclusive access to our services, we offer:

Remote consulting sessions via video call, telephone, or email.

Digital document exchange (submission and receipt in electronic format).

On-site consulting visits at the client's business premises, within Attica and on selected dates in other regions of Greece.

Through these options, our services adapt to each client's needs, ensuring genuine equality of access to business consulting support.

4. Internal Awareness and Continuous Improvement

Our team is regularly updated on best accessibility practices and encourages all collaborators to identify and suggest areas for improvement.

We apply a policy of continuous review and enhancement of our procedures and infrastructure, ensuring steady alignment with international accessibility standards and inclusive service principles.
